YOGA

Chair Yoga with Amanda

Chair yoga is a gentle form of yoga practiced sitting on a chair or standing using the chair for support. Perfect for beginners, chair yoga is also a beneficial practice for those at all levels, as it deepens flexibility, and strengthens your personal body awareness.

Flow & Restore with Amanda

Incorporating pranayama, meditation, and flowing movement with longer holds. Warm up the body and then take it down to enhance the experience with longer, restorative holds to deeply stretch, open, and calm.

Hatha Yoga with Lalita

Hatha yoga is a vigorous class consisting of sun and moon salutation. It integrates postures, breathing exercises, relaxation, and meditation to harmonize you on every level — body, mind, and spirit. It is a mindful and moving class.

Kundalini Yoga with Justein

Kundalini is called the mother of all yoga. This non-dogmatic class is suitable for all levels, including beginners. You will focus on building muscle strength for supporting poses, as well as opening the chakras of the body using Kundalini.

Mindful Yoga with Shoshana

Bring mindfulness practice onto the yoga mat. We will use careful attention to breath, sensation, and movement to cultivate a deliberate state of mindful awareness. The one-hour class weaves together gentle yoga postures, breath exercises, and brief exploration of mindfulness meditation. Mindfulness has been shown to reduce stress and anxiety, improve mood, promote equanimity, improve concentration, enhance self-compassion and empathy, and foster positive relationships.

Slow Flow Yoga with Amanda

A gentle class that flows with breath from one pose to the next. Longer holds in between transitions let you feel into poses with each breath and focus on alignment.

Vinyasa Yoga with Amanda

A Vinyasa practice works to increase strength, flexibility, endurance, and greater body awareness. Modifications offered throughout class make this accessible for all levels.

Yin Yoga with Amanda

In yoga, all the tissues of the body are considered either Yin or Yang. Yin Yoga works on the Yin tissues — also known as the connective tissues, our tendons, ligaments and fascia. The more mobile and pliable muscles and blood are Yang. Participants will move through poses in long holds, up to five minutes each, with meditation incorporated. Yin Yoga is extremely relaxing and calming for the body, mind and soul.

Yoga & Meditation with Shoshana

Classes will include meditation to promote quiet and contemplation, breathing and chanting to balance the nervous system, and flowing asana sequences that gently energize the body.
