Advance registration is required for all pop-up events

Tension Releasing Exercises (TRE®) with Carolyn
Saturday, November 14, 9:30AM-10:30AM
Exercises to release stress and tension held deep in the muscles and connective tissue, using the body's natural somatic response. This is a great post-workout recovery to calm your nervous system and allow your body to return to a balanced state.

Fall Forward – Build Momentum for Change with Richard
Monday, November 16, 5:30PM – 6:30PM
Monday, November 30, 5:30PM – 6:30PM
Through guided reflection, a personal wellness assessment, and health coaching exercises, we'll explore foundational areas of health: Nutrition, Movement, Sleep, and Stress Management. Identify where you are, where you'd like to be, and leave with one realistic action step to focus on over the next month. Return the following month to reflect on what's working, adjust what isn't, and choose your next step.
